Intakes : January, April, July, and October
Duration : 3 Months (Full-time)

Core Modules

Critical Reading and Writing

The objective of this course is to develop students' critical thinking skills. The course explains the bases of persuasive arguments and develops skills in critical reading, writing, and reflection.

Credit Points: 10

Creative Thinking

The objective of this course is to develop students' ability to formulate creative solutions, as well as develop, manage, and present these ideas to audiences. The course will also increase students' intellectual and emotional well-being when working as an individual and with others.

Credit Points: 10

Professional Communication Skills

The objective of this module is to equip students with the skills to articulate and communicate ideas persuasively, and to work effectively in teams. They will be taught to pitch ideas or concepts to an intended audience.

Credit Points: 10

Business Mathematics

The objective of this module is to develop the student's ability to apply simple mathematical concepts and formulae in a business environment.

Credit Points: 10

History of Art

The objective of this module is to introduce students to art, its expression over human history, and its significance in human development.

Credit Points: 10
