Computation of GPA:

Under the above grading system, GPA for a student who has taken N modules (NGPA) will be computed by the Student Management system based on the following formula:

5.1.1 All Students

The College maintains a very strict standard of performance and attendance for its programmes. All students are required to attend at **least 75% of the course time**. Students missing more than an accumulative 25% of attendance without valid reasons will automatically fail the module by attendance (with grade "F"). For details of Medical Certificate, please refer to Point 5.1.5.

5.1.2 Student's Pass Holders

The purpose of stay in Singapore for international students on Student's Pass is solely for pursuing a course of study on a full-time basis. Only valid Student's Pass holders are allowed to attend classes at the College and take the programme of study as indicated on their Student's Pass.

Students are required to comply with all the Rules and Regulations of the Immigration and Checkpoints Authority (ICA) and not indulge in activities which are inconsistent with the purpose for which the Student's Pass has been issued.

On renewal of the Student's Pass, the student must approach the Student and Administration Services Department **30 days prior to the expiry date** of the Student's Pass. In the event the collection of the Student's Pass at ICA is after the expiry date, the student must report to the Student and Administration Service Department **7 working days** prior to the Student's Pass expiry date so that the Student and Administration Service Department can update ICA accordingly.

If, for some reason, the renewal is not approved, the College will appeal on behalf of the student in the first instance. However, the student must be prepared that repatriation may be necessary at short notice.

International students must maintain a **minimum attendance of 90%**. Student and Administration Services Department will inform ICA of students who fail to attend class for a **continuous/collective period of seven (7) days**. International students must personally produce relevant proof of absence for all lessons missed to the Student and Administration Services Department. Student and Administration Services Department will also be submitting a monthly summary of attendance of all international students during week 5, 9 and 13 of each term.

5.1.3 Punctuality

Students should be punctual for class. Attendance would be marked as "Late" should they arrive for class more than 10 minutes after commencement of the class. One (1) late for class is equivalent to 0.5 absent.

5.1.4 Warning Letters for Attendance

All warning letters will be sent to students who are above 18 years old. For students who are below 18 years old, the warning letter will be sent to the guardian or parents. Students are responsible for their own attendance.

Student and Administration Services Department (SAS) will liaise with lecturers to ensure all attendance is marked using the Student Management System (SMS). Attendance will be taken at the start of class. Lecturer will display the unique QR code for each lesson. Students are to use

their own mobile device to scan the QR code and login into the College's SMS to register their attendance. Should any student not be able to scan the QR code, the lecturer can update the attendance in the SMS as 'Attended'.

Scanning for attendance is location-based and time-stamped. Therefore, all students are to be physically on campus for attendance to be registered.

SAS will download attendance records for each module at the end of week 2, 5 and 8. They will track all at-risk students during these 3 windows and issue warning letters should a student is at-risk of failing the module by attendance i.e., Overall Module Attendance < 75%. At-risk students would be automatically identified after the download.

SAS will initiate consultations for those at-risk students who do not respond to warning letters i.e., after the 2nd warning letter for that module has been issued.

5.1.5 Medical Certificate

If a student is absent for medical reasons, he or she should submit an original and valid medical certificate on Student Management System on the day he or she resumes studies in College. The College will only accept medical certificates issued by Singapore Registered Medical Practitioners.

The College reserves the right to reject the medical certificate on the following conditions:

- Late submission of medical certificate (it should be **no later than 5 days** from the end of the period the medical certificate was issued for);
- Submission of forged medical certificate
- Traditional Chinese medical certificate
- Medical certificates issued by Non-Singapore Registered Medical Practitioners

It is a crime in Singapore to forge a medical certificate and the concerned Medical Practitioner (clinic/hospital) may pursue criminal charges against any student who forges a certificate. It is also a serious offence and forging of medical certificate can lead to the lodging of a police report followed by expulsion from the College.

5.2 Student's Pass

5.2.1 Eligibility for Student's Pass Application

All international applicants must apply for Student's Pass from the **Immigration and Checkpoints Authority (ICA)** except for dependant pass holders and permanent residents. Social Visit Pass holders are not eligible to study at the College.

Please note that ICA will not issue Student's Pass to international students who are registering for part-time courses. Students are not required to be present in Singapore while their applications are being considered. With effect from 1 June 2007, new applications are to be submitted via the Student's Pass Online Application and Registration+ (SOLAR+) system at the Immigration and Checkpoint Authority (ICA) website. The College will assist students in the new application of Student's Pass.

The Immigration and Checkpoints Authority (ICA) hold the final decision on the approval of Student's Pass.

5.2.2 SingPass Account

International students are required to register for a SingPass account after collecting their Student's Pass. SingPass provides access to various government e-services in Singapore, including a digital copy of the Student's Pass.

To register for a SingPass account, students will need:

- A valid local Singapore mobile number (for SMS OTP)
- An email address
- Their Foreign Identification Number (FIN)
- The issuance date of their Student's Pass

Students can register via the SingPass mobile app, available on both iOS and Android. Please note that it may take 1–2 days after the collection of their pass before the system is updated and registration becomes possible.

5.3 Student's Pass Application

Student's Pass application is handled by the **Admissions Department** before applicants are enrolled into the College. Student's Pass holders are allowed to study only in the specific school with the specific course indicated in the Student's Pass. Student's Pass is only for study purposes and not for other purposes.

5.4 Renewal of Student's Pass

Student's Pass is valid for only the specific duration stated on the pass. With effect from 1 June 2007, applications to renew Student's Passes are to be submitted via the Student's Pass Online Application and Registration+ (SOLAR+) system at the Immigration and Checkpoint Authority (ICA) website.

Renewal of Student's Pass must be submitted to the **Student and Administration Services Department 30 days** before the expiry date of the current Student's Pass. ICA maintains very strict rules for renewal of Student's Pass. **A minimum of 90%** in class attendance must be achieved to qualify for renewal.

Renewal of Student's Pass is subjected to ICA's approval. Application Guidelines can be found on the ICA website (www.ica.gov.sg).

Please note that it is the students' responsibility to check the status of their student's pass renewal application. The College will not be held responsible for any delay in the application.

The following are the required documents and information for renewal of Student's Pass application:

- A photocopy of Passport.
- A passport-sized photo
- Student's Pass e-Forms
- Terms and Conditions Form
- Medical Report (if required)
- Any other documents requested by ICA

5.5 Cancellation of Student's Pass

With effect from 3 November 2008, if students have completed their studies or decide to defer or withdraw from their programme, they must inform the College at least **7 working days before** they leave Singapore, and bring the following documents to the Student and Administration Services Department for e-cancellation of their Student's Pass:

- A photocopy of Passport
- A photocopy of Student's Pass

Alternatively, students may cancel their own Student's Pass via the SingPass mobile app. The following documents are required for online cancellation:

- A copy of Passport
- A copy of Student's Pass

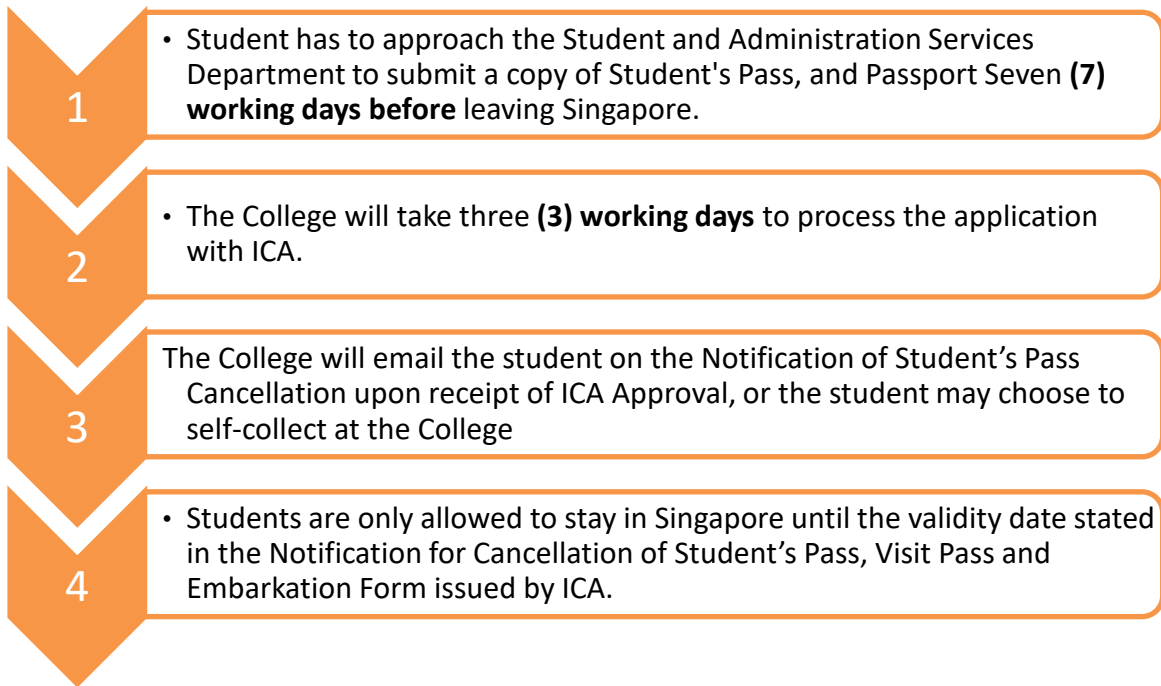

Students who choose to cancel their Student's Pass themselves must inform the College in advance before proceeding.

Upon successful cancellation, ICA will issue a **Notification of Student's Pass Cancellation**, which also serves as a **Social Visit Pass and Embarkation Form**. This document will state the new expiry date by which students must leave Singapore.

Please ensure that you exit Singapore **on or before the validity date** stated in the cancellation notification. Overstaying is considered a violation of Singapore immigration laws and may lead to penalties or affect future applications.

For assistance or further clarification on the cancellation process, students may contact the Student and Administration Services Department.

6 RAFFLES PEDAGOGY

6.1 Module Load

Students in a full-time programme of study should normally enrol in a minimum of three modules or equivalent credits in each term unless they are approved to take a reduced load. Part-time students should normally take up to two modules or equivalent credits per term.

In the final term of study, graduating students in the full-time programme will still be considered as full-time students if their enrolment in the remaining modules is less than three modules or the equivalent credits.

6.2 Term Assignments

Coursework assignments should be submitted by the stipulated date. The penalties for handing in late submissions are:

Late Submission of Assignment after Deadline	Deadline falls on Monday	Deadline falls on Friday	Deadline falls on Eve of Public Holiday	Deduction of Marks
1 st day	Tuesday	Saturday	Public Holiday	10/100
2 nd day	Wednesday	Sunday	1 st School Day	20/100
3 rd day	Thursday	Monday	2 nd School Day	30/100
4 th day	Friday	Tuesday	3 rd School Day	Assignment will not be accepted

No extension of assignment submission will be given to the student if the due date falls on weekends/public holiday.

The stipulated date for submission may be extended after the assessment has been issued to students, under extenuating circumstances. A lecturer must seek permission from the Programme Leader to extend deadlines.

Grades are reported for each module at the end of the term. Students must attempt **ALL** assessments for a module (assessments are listed under Assessment Framework in the Module Outline of each module). If a student misses any assessment without a valid reason, it may lead to failing the module. Students must obtain a grade of 'Q' or better to pass the module.

6.3 Final Examinations

The examination schedule will be confirmed during Week 9 of each term. If a student is not able to take any of the examinations, the student must write in to the College to seek for approval for a replacement examination. If the replacement is approved, a replacement examination will be arranged for the student but at a time convenient to the College.

Students who are unable to take the examination on the actual day due to valid medical reasons and/or any other reasons are required to approach the Student and Administration Services Department **within 3 days from the examination** to justify their absence. The student is also responsible to apply/appeal for a replacement examination, with the Student and Administration Services Department, **no later than Week 2 of the New Term**, with all the supporting documents.

An administration fee of S\$162 has to be paid for every module. All fees must be paid upon approval, which is subject to the Programme Leader's decision.

6.3.1 Rules and Regulations

Preliminary Information

- Students presenting themselves for examination must comply fully to the College's requirements in general, including the payment of fees and completion of the 'Online Teacher and Course Evaluation'.
- Students are warned that any breach of examination rules will result in severe penalties, including the risk of expulsion from the College, and/or that the Academic and Examination Board may deem the candidate to have failed an assessment or series of assessments.

Before the Examination

- Students must arrive at the examination room **10 minutes before** the examination starts. Within 10 minutes after the start of the examination, students will still be allowed to enter if they have a valid reason for lateness – the validity of the reason will be investigated after the examination and if it is found to be invalid or untrue, the student's examination will not be marked. Students who are more than 10 minutes late for the examination will not be allowed to enter the examination room.
- Students must bring along their **Student Identification cards**. Students may be asked to present the Student ID card during the examination.
- Students shall not enter the examination room until instructed to do so by the invigilator(s).
- Any coat, mobile phones, electronic gadgets, bag, or other item brought into the examination room shall be deposited as directed by the invigilator(s).
- It is strictly forbidden to bring into the examination room any books, dictionaries, notes, writing paper, blotting paper, mathematical tables or devices capable of storing electronic data, other than those specifically allowed for the examination. Any such item must be handed to the invigilator(s) before the examination begins.
- If a student has unwittingly brought any unauthorized paper or item into the examination room, this shall be handed to the invigilator(s) before the examination commences.
- Students shall not eat, drink, or smoke in the examination room.

During the Examination

- Students shall not commence writing until the start of the examination is announced by the invigilator(s).
- Students may use only the approved examination stationery. All rough work must be completed on the approved stationery and handed in with the worked scripts.
- Students who wish to attract the attention of the invigilator(s) during the examination shall do so by raising their hands.
- Students shall not leave the examination room temporarily during the period of the examination unless given express permission by the invigilator(s). If such permission is given, students shall not attempt to contact any other person or consultancy material relating to the examination whilst outside the examination room.
- Students who leave the examination room during the period of the examination without the express permission of the invigilator(s) shall be considered to have completed their work and shall not be permitted to re-enter the examination room.
- Students **may not leave the examination room** during the **first 30 minutes** or **last ten minutes**

of the examination period.

- Students who complete their work after the **first thirty minutes** and before the **last ten minutes** of the examination period and wish to leave the examination room should notify the invigilator(s) and **hand in their examination scripts and unused answer/worksheets**. Under no circumstances will they be permitted to re-enter the examination room.

The following practices are strictly prohibited:

- Being in possession of any unauthorized information, either written or printed or electronically stored.
- Borrowing instruments or materials from another candidate except by permission of the invigilator(s).
- Attempting to read the work of another student or communicating, or attempting to communicate, with another student by any means whatsoever.
- Causing a disturbance in the examination room.

After the Examination

- Students should stop writing when instructed to do so by the invigilator(s), and remain in their seats in silence whilst scripts, empty answer books, continuation sheets or other papers are collected.
- Students should not remove any papers from the examination room without the express permission of the invigilator(s).
- When authorized to do so by the invigilator(s), students shall leave the examination room in an orderly manner.

6.4 Incomplete/Failing Grades

Under extenuating circumstances, students may be granted an extension of time by the Academic and Examination Board to complete the remaining module requirements including taking a replacement examination. In this case, the 'In Progress' grade of "I" is recorded. The outstanding work must be completed for the module within the next term, or the "I" grade will be automatically converted to an "F" grade for the module.

An "F" grade in a module will permanently remain on the academic transcript and will be factored in when evaluating the student's academic progression. When the module is retaken, the new grade will not replace the original "F"; however, the student can receive the actual 'passing grade' obtained for the repeated module at his/her next examination re-sit. When a student receives an "F" in a required module, the module must be retaken.

6.5 Repeating Modules

Students are not permitted to repeat for credit any modules which they have already passed with a grade of "Q" or better.

6.6 Assignments

All assignments must be submitted **before** the deadline. Details of deadlines for term assignments are stated in Point **6.2**.

6.7 Appeals

Students may appeal to the College for their final results to be reviewed only under genuine circumstances where factors beyond their control have affected their academic performances.

The **Request for Justification of Marks** form, obtainable from RCHE Student Services Portal, must be submitted to Student & Administration Services Department (SAS) **within seven (7) working days from the release of the results.**

Only one appeal per assessment is allowed. Late appeals will not be entertained.

Students appeal shall be resolved within 21 working days from the receipt of the **Request for Justification of Marks** form, and this decision shall be final.

Appeals that involve Justification of Marks will incur an administration fee of **\$54.50** (Inclusive of GST). Students should consult the Student and Administration Services Department for appeal.

6.8 Academic Misconduct

6.8.1 Cheating

Cheating refers to when a student is communicating with or copying from another student or external sources during the examination. Cheating also happens when students bring unauthorised materials or technology into the examination.

6.8.2 Plagiarism

Plagiarism involves the incorporation by a student in an assessment, material which is not their own in the sense that all or a substantial part of the work has been copied without any attempt at attribution or has been incorporated as if it is the student's own work when it is wholly or substantially the work of another person.

6.8.3 Collusion

When a student A collaborates with another student B in the completion of the student A's work, while student B knowingly permits student A to copy all or part of his/her own work.

6.8.4 Falsification

Falsification of Data refers to the presentation of data in projects or other forms of assessment based on experimental or other work falsely purported to have been carried out by the student or obtained by unfair means.

Falsification of References refers to the invention of references and/or false claims.

6.8.5 Contract Cheating

Student pays someone else to prepare the assessment on his/her behalf.

A student caught for academic misconduct will receive a zero (0) mark for that assessment.

6.9 General Programme Aims

- To encourage and foster the requisite inherent sense of intellectual curiosity.
- To facilitate appropriate methods of gaining access to, and use of, sources of information.
- To develop suitable analytical and organizational skills.
- To impart appropriate methods of solving design problems.
- To encourage and develop innovation, imagination, and creativity.
- To foster a sense of identity, individuality, and independence in ideas, avenues of expression, and means of autonomous learning.
- To encourage informed critical debate and evaluation.
- To develop appropriate fluency in verbal and written linguistic skills for interpersonal and professional communication.
- To nourish a broad appreciation of the purpose and practice of Design in a societal, cultural and historical matrix.
- To develop and refine aesthetic sensibilities in both criticism and practice.
- To develop and apply sophisticated manipulative skills which draw upon the requisite technical knowledge of materials and methods.
- To inculcate appropriate professional awareness in terms of responsibilities, procedures and ethical codes of practice.

6.10 Teaching and Learning Strategies

Whilst the traditional forms of lecturing, seminars, and workshops contribute to an awareness of the respective academic programmes, the principle *modus operandi*, particularly in practical project work, is through independent study by the student, with tutorial guidance and advice.

A major concern is to develop powers of discrimination and judgment, to discourage reliance on the formulaic, and to nourish individuality. The process of dialogue between staff and student is therefore much less formal than in many other disciplines.

The primary objective is for each student, through advice and negotiation, to discover and develop the motivational forces, the interests, and the aptitudes that suit the individual for a professional role in what is a very broad professional arena, which in turn will utilize talent which may be highly specialized, or very general.

It is therefore essential that a student is exposed to a broad range of views and experiences in order that the learning process may elicit, sometimes over a prolonged period, appropriate routes for a person to take, particularly in the later stages of the Programme.

The major methods utilized in this process are summarized below:

6.10.1 Practical projects

Practical problem-solving projects constitute a large proportion of the time in the Programme. Each project is designed with specific (and stated) learning objectives which determine the eventual criteria of assessment. These group projects, however, are formulated to encourage and facilitate individuality.

6.10.2 Critiques

At interim periods, and at the end of each project, critiques are conducted.

These are designed to facilitate discussion and qualitative evaluations of each individual's approach and achievement in the context of pre-determined objectives.

6.10.3 Tutorials

With its emphasis on individuality, both formal and ad-hoc tutorial discussions are used extensively.

The close rapport between staff and students, achieved through an ongoing relationship developed over the duration of the Programme, facilitates trust, confidence, and discussion that embraces both academic and pastoral guidance.

In less formal situations, outside of any specific project or other aspect of study, the student and staff member are able to discuss personal aspirations and aptitudes, thus directing the student through the formal framework of the curriculum.

This close relationship enables staff to deal with student problems of a personal nature. However, reference to a professional counsellor is made, if necessary, to develop the insight appropriate to career advice and professional contacts.

6.10.4 Lectures

Administered by full-time and adjunct lecturers, and guest speakers, lectures are given to larger groups of students. Whilst most lectures will relate to the formal Programme curriculum, eminent visiting speakers will deliver topics of general or specific areas of interest.

6.10.5 Workshops

This is a component designed to provide hands-on experience of technical processes, rather than the longer problem-solving nature of projects.

6.10.6 Local/Overseas Field Trip and Industry Visits

Visits to exhibitions, industrial organizations, and professional studios are designed to extend students' knowledge and appreciation of the principles, procedures, and practices of the relevant industry.

Local/Overseas field trips are also arranged by academic staff to enhance students' learning. Several skills, including practical and social skills, can be learned during field trips.

6.10.7 Industrial Attachment / Industry and Community Engagement

Certain students are exposed to the professional workspace for a period of six to ten weeks. This exposure enables the student to identify future areas of employment interests, and to prepare for the realities, in a professional context, in the marketplace.

In the event Industrial Attachment is not available, students will be assigned the Industry and Community Engagement module. In this module, students are required to use their design knowledge and skills in industry-focused and/or community-based projects.

6.10.8 Competition / Industry Collaboration

Participating in competitions is a valuable learning experience for students to benchmark their own standards against other students from other institutions.

Industry collaboration is to develop and expand a framework of Industrial Partnership between

the College and the Company to collaborate on mutually beneficial projects and events. This is a valuable experience for students to showcase their projects' creativity and innovation.

7 ASSESSMENT

7.1 Rationale and Principles

The assessment scheme is designed and structured to be an integral part of the curricula of the Programmes in order to review and evaluate student development, direction, and attainment in terms of the stated aims and objectives of the Programmes.

In addition, the scheme is designed to inform and assist students with regard to their academic development.

These principles and concerns that underpin the Programmes are explained below, together with the general features of the Assessment Scheme to which they give rise.

The students will learn the fundamentals of how to approach and develop the design processes in a systematic way through assessments and projects.

The College has in place mechanisms to ensure that standards of Programmes/Courses match international standards. This includes internal moderation, Academic and Examination board, dissertation advisory panel and reviews by external examiners.

7.2 Criteria of Assessment

In reviewing student performance at the end of each semester, the assessors will naturally refer to the aims and objectives of specific projects and/or other assignments.

The general framework for assessment criteria is derived from the general schemes of aims and objectives of the Programmes as a whole.

The general criteria of assessment at all stages of the Programmes in all their design and theoretical aspects are as follows:

7.2.1 Problem Solving

The extent to which the solution for a given problem has been resolved by due investigation, analysis, selection, and synthesis of relevant material.

7.2.2 Creativity

The extent to which imagination, creativity, and lateral thinking have been brought to bear upon given design problems.

7.2.3 Aesthetic Awareness

The extent to which aesthetic sensitivity and judgment is apparent in the work.

7.2.4 Individuality and Originality

The extent to which students have utilized personal interests, aptitudes, and abilities that reflect individual personality characteristics and initiative.

7.2.5 Critical Awareness

The extent to which students have demonstrated, through expression in visual, verbal, and/or written language, a mature and critical awareness of the work done.

7.2.6 Development

The extent to which students, through consistent application, have extended their perceptions of, and abilities in, their chosen specialization, and to which they can initiate research, develop hypotheses, and draw conclusions.

7.2.7 Communication

The extent to which students have been able to articulate clearly in verbal and written forms, ideas, feelings, and responses about design.

7.2.8 Programme Knowledge and Society

The extent to which students have the capacity to comprehend theories and concepts of the respective Programmes, and to which they understand the role of the designer in society at large.

7.2.9 Professionalism

The extent to which students demonstrate professional awareness in terms of social and legal responsibilities, procedures, and ethical codes in the practice of design.

The extent to which they demonstrate the expertise to practise as designers through the study of professional practice, office management, and the organization of work and finance.

7.2.10 Technical Skills

The extent to which students demonstrate technical awareness through knowledge of, and facility with, materials and processes, and through expertise in recognised conventions.

All the above criteria will be considered, particularly at the final project assessment. Within specific projects or assignments undertaken, specific criteria may be selected, or given more weight, according to the project's pre-stated objectives.

These will be made clear to students in advance as part of the written project briefing.

8 TRANSCRIPT / CERTIFICATE

8.1 Term Results and Transcripts

Term results will be released to students via the RCHE Student Services portal by Week 5 of the following term. Students are required to check the Student Management System for their term results.

Transcripts will be issued to graduates who have completed all required modules with no outstanding payment and also completed his/her Online Teacher and Course Evaluation. Both certificate and transcript will be issued to the graduate digitally.

8.2 Certificates

Students who have met graduating requirements shall be awarded their digital certificates upon completion of their studies, provided there is no outstanding payment to the College.

8.3 Graduation

Graduation shows are held twice a year. It is a platform for graduating students to exhibit their works to industry partners and potential employers. The College will provide basic infrastructure and guidelines for showcasing graduating students' work. The Centre of Professional Development (CPD) Department will provide more information on the graduation shows in due course.
